Third Paragraph of background: The EPA has identified 14 other similar facilities, which like Bullseye and Uroboros, may manufacture art glass and may use raw metals in their processes. A glass manufacturing NESHAP (40 CFR Part 63 Subpart SSSSSS) for area sources has been in effect since 2007, but this rule applies to continuous furnaces that produce 50 tons or more of glass per year using any amount of toxic metals in the glass recipe. Based on the information we
